MODERN GOLD COINS

FALL 1969

Dear Collectors, Investors and just plain Friends,

With the first issue of our Modern Gold Coins, which is to appear quarterly, we are offering a service which we have been able to afford our European friends during the past several years.

Fortunately the Treasury Department's decision to revise regulations for gold coins minted prior to 1934, and which can be considered as legitimate issues, has finally permitted us to offer to you directly the facilities of our gold department.

The New York service is in the capable hands of Robert L. Steinberg whom you all know as "Foxy's" son. He will be pleased to receive your orders by mail or telephone and will welcome meeting each of you at conventions and other important get-togethers.

As the inventory is extensive it cannot be kept at the shop and **the entire stock will be held in bank vaults.** Should any of you wish to inspect coins which might be of interest to you a telephone call to Robert arranging an appointment will suffice. He will be pleased to meet you at the bank.

Naturally we also carry ancient, mediaeval and later gold coins as well as rarer types and mints. Please let us know your wants. We'll do our best to satisfy you. We would welcome any suggestions for improving our services.
